

# Ngazani Gamede

## Software Developer/Engineer

I seek challenging opportunities in where I can use my skills to contribute to the success of the organization, while learning more about the industry and adding to my skillset. I am currently looking to expand my knowledge as a coder and overall software developer, by integrating school-based knowledge with real life projects.

## EDUCATION

### Diploma in Information Technology (Software Development)

IIE Rosebank College

02/2020 - 11/2022

81.4% (GPA)

### Matric Certificate

Suncrest High School

01/2019 - 12/2019

## WORK EXPERIENCE

### Junior Fullstack Software Developer

ADEI PTY (LTD)

04/2023 - Present

Bedfordview

This is a data warehousing company, that collects, stores and uses data to generate business intelligence

#### Achievements/Tasks

- I am working on a fully interactive data management web app using HTML,CSS,Bootstrap, javascript, PHP, jQuery, MSSQL and Bootstrap. This app helps the company better filter and manipulate the large data it manages by using features like user creation, report generation, chat functionalities etc.
- I am making use of , PHPOffice, cURL, and AJAX, to build a system that allows a user to upload an excel file. The system then reads the contents of said file and generates intelligence based on the contents of the file.

### Assistant Technician and Systems Engineer

Dikgabo I.T Solutions

11/2021 - 06/2022

Sebokeng

I was responsible for the assembly and disassembly of all electronic devices, as well as the proper documentation of all tasks performed.

#### Achievements/Tasks

- Built a fully functional Customer Management System. So the company can better manage stock, clients assets, reports and client data.
